Endorsed by ESTRO

The 29th Annual Congress of the German Society of Radiation Oncology (DEGRO) will be held in Kassel, Germany, from 22 to 24 June 2023.

The motto of the congress is innovation, efficiency and humanity. During the congress, all important aspects of these values in the development of radiation oncology will be discussed, enabling a broad exchange of knowledge.

In addition, outstanding research achievements will be honoured with scientific awards. Members of other professional groups who work in radiation oncology are actively involved in this congress.

On the congress website, www.degro-kongress.org, you can find further information on the main programme topics and the detailed scientific programme.

The congress presidium - Professor Oliver Kölbl and Professor Dirk Vordermark - cordially invites you and looks forward to welcoming you to the 29th annual congress of DEGRO.
