## A few inspiring physics contributions at ESTRO 2022

Dear Readers,

Here we are again this year with a few inspiring physics contributions that were presented in the Physics Track at the 2022 meeting of the European Society for Radiotherapy and Oncology (ESTRO) in Copenhagen, 6 - 10 May. We present them in Q&A with the authors of these studies. Here they are at this link [>>>](#)

We also hear the perspective of PhD students on the congress [>>>](#)

Enjoy your reading!
