## #yESTROconnect: report form action 1 “Show us your home office setup!”

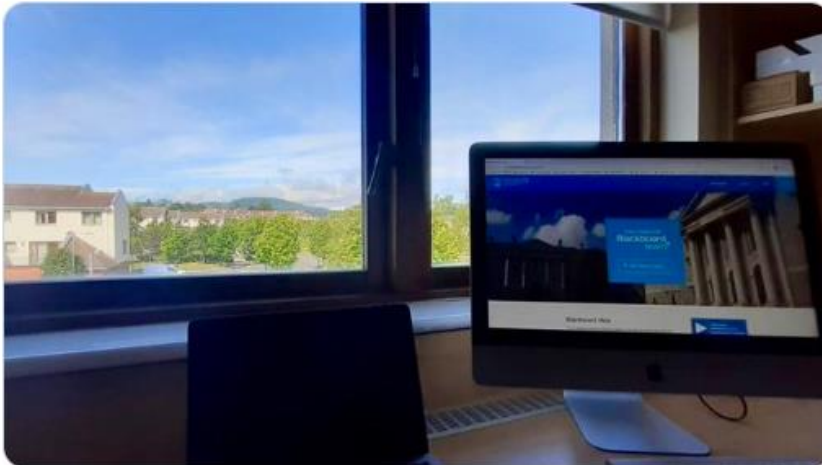

Thank you so much for joining us on #yESTROconnect. Within a week from the start of our action “show us your home office set up”. We received a dozen applicants who posted their actual or previous home office set up. Some with a beautiful view, some with a more or less safe cable situation...

The favourites (by the indisputable Twitter standard of number of likes) are shown here:

My home office in the attic of my house, with a serious cable jungle under my screen 😞 and a limited view but if I stand on my tippy toes I can see the Dublin mountains [#yEstroconnect](#) @BertholetJenny

Keep an eye out for upcoming actions on twitter: keep following @ESTRO\_RT and [#yESTROconnect](#)
